To: The Shareholders of AIM

Dear Sir/Madam

PROPOSED RENEWAL OF SHARE BUY-BACK MANDATE

1. INTRODUCTION

At the Seventeenth AGM ("17th AGM") of the Company held on 27 May 2021, the Company had obtained the shareholders' mandate for the Proposed Share Buy-Back by AIM of up to ten per centum (10%) of the total number of issued shares of the Company at any point of time through Bursa Securities. The said mandate for share buy-back is subject to annual renewal and shall lapse at the conclusion of the Company's forthcoming Eighteenth AGM ("18th AGM") unless the approval for its renewal is obtained from the shareholders.

On 18 April 2022, the Board had announced the Company's intention to seek shareholders' approval for the Proposed Renewal of Share Buy-Back Mandate at the forthcoming 18th AGM of the Company to be held on 23 June 2022.

The purpose of this Statement is to provide you with the details of the Proposal, to set out the recommendation of the Board and to seek your approval on the Ordinary Resolution pertaining to the Proposed Renewal of Share Buy-Back Mandate to be tabled as a Special Business at the forthcoming 18th AGM of the Company, as set out in the Notice of 18th AGM.

SHAREHOLDERS ARE ADVISED TO READ AND CAREFULLY CONSIDER THE CONTENTS OF THIS STATEMENT BEFORE VOTING TO GIVE EFFECT TO THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSED RENEWAL OF SHARE BUY-BACK MANDATE.

2. DETAILS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK MANDATE

The Company had at its 17th AGM held on 27 May 2021 obtained the shareholders’ approval to purchase up to ten per centum (10%) of the total number of issued shares of the Company at any point of time. The said approval shall, in accordance with the ACELR lapse at the conclusion of the forthcoming 18th AGM of the Company unless the approval is renewed.

No Shares were purchased to date since the approval was obtained at the 17th AGM.

The Company proposes to seek the approval from the shareholders of the Company at the forthcoming 18th AGM for the Proposed Renewal of Share Buy-Back Mandate.

The approval from the shareholders, if renewed, would be effective immediately upon the passing of the Ordinary Resolution for the Proposed Renewal of Share Buy-Back Mandate at the forthcoming 18th AGM and shall remain in force until:-

- (a) the conclusion of the next AGM of the Company following the general meeting at which such resolution is passed, at which time it will lapse unless by an ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to terms and conditions;
- (b) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (c) revoked or varied by an ordinary resolution passed by the shareholders of the Company in general meeting,

whichever occurs first.

3. MAXIMUM NUMBER OR PERCENTAGE OF SHARES TO BE ACQUIRED

The maximum number of AIM Shares which may be purchased by the Company shall not exceed ten per centum (10%) of the total number of issued shares of the Company in compliance with Rule 12.09 of the ACELR.

As at the LPD, the maximum number of AIM Shares that can be purchased and/or held by the Company will be as follows:-

	No. of Shares
Total number of issued shares of AIM	266,058,666
10% of the total number of issued shares	26,605,866
Maximum number of shares which may be purchased in respect of the Proposed Share Buy-Back	26,605,866

The actual number of AIM Shares to be purchased by the Company pursuant to the Proposed Share Buy-Back, the total amount of funds involved for each purchase and the timing of the purchase(s) will depend on, among others, the market conditions and sentiments of the stock market, the availability of financial resources and the retained profits of the Company at the time of the purchase(s).

4. MAXIMUM AMOUNT OF FUNDS TO BE ALLOCATED AND THE SOURCE OF FUNDS

The maximum amount of funds to be allocated by the Company for the Proposed Share Buy-Back shall not exceed the aggregate balance standing in the audited retained profits of the Company pursuant to Section 127 of the Act and any prevailing laws.

Based on the latest Audited Consolidated Financial Statements for the financial year ended 31 December 2021 of AIM, the accumulated loss of the Company stood at RM17,784,629.

Depending on the number of shares purchased and the purchase consideration, the Proposed Share Buy-Back will be financed through internally generated funds and/or external borrowings. Any use of internally generated funds for the Proposed Share Buy-Back is not expected to have a material impact on the cash flow position of the Company. In the event that the Proposed Share Buy-Back is financed by external borrowings, the Board will ensure that the Company is capable of repaying such external borrowings and such repayment is not expected to have a material impact on the cash flow position of the Company. In addition, the Board will ensure that the Company satisfies the solvency test as stated in Section 112(2) of the Act before implementing the Proposed Share Buy-Back.

The amount and proportion of funding will depend on the quantum of purchase and consideration, the availability of funds at the time of purchase(s) and other relevant cost factors.

5. TREATMENT OF SHARES PURCHASED

In accordance with Section 127(4) of the Act, the Board may, at their discretion, deal with the Purchased Shares until all the Purchased Shares have been dealt with in the following manner:-

- (a) to cancel the shares so purchased; or
- (b) to retain the shares so purchased in treasury to be resold on Bursa Securities if the opportunity arises for the Company to realise gains from the resale; or to be distributed to shareholders as share dividends to reward the shareholders of the Company; or
- (c) to retain part of the shares so purchased as treasury shares and cancel the remainder of the shares,

or in any other manner as prescribed by the Act, rules, regulations and orders made pursuant to the Act and the requirements of Bursa Securities and any other relevant authority for the time being in force.

Based on Section 127(7) of the Act, where such Purchased Shares are held as treasury shares, the Board may at their discretion:-

- (a) distribute all or part of the treasury shares as dividends to our shareholders, such dividends to be known as “shares dividends”;
- (b) resell all or part of the treasury shares in accordance with the ACELR;
- (c) transfer all or part of the treasury shares for the purposes of or under an employees’ share scheme established by the Company and/or its’ subsidiaries;
- (d) transfer all or part of the treasury shares as purchase consideration;
- (e) cancel all or part of the treasury shares;
- (f) sell, transfer or otherwise use the Shares for such other purposes as the Minister charged with the responsibility for companies may by order prescribe; and/or
- (g) deal with the treasury shares in the manners as allowed by the Act, ACELR, applicable laws, rules, regulations, guidelines, requirements and/or orders of any relevant authorities from the time being in force.

While the Purchased Shares are held as treasury shares, the rights attached to them as to voting, dividends and participation in other distribution and otherwise are suspended and the treasury shares shall not be taken into account in calculating the number or percentage of shares, or of a class of shares in the Company for any purpose including, without limiting the generality of the provision of Section 127 of the Act, the provision of any law or the requirements of the Company’s Constitution or the ACELR on substantial shareholdings, take-overs, notices, requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting.

An immediate announcement will be made to Bursa Securities in respect of the intention of the Board on the treatments of the Purchased Shares, i.e. notification of purchase, resale or transfer or cancellation of the Purchased Shares as per the ACELR.

As at the date of this Statement, the Board has yet to make any decision with regards to the treatment of the Shares so purchased in the future.

Where the Directors resolve to cancel the Shares so purchased or cancel any treasury shares, the number of the Company's issued shares shall be diminished by the cancellation of the Shares so cancelled. It is pertinent to note that the cancellation of Shares made pursuant to Section 127(15) of the Act shall not be deemed to be a reduction in share capital.

6. RATIONALE FOR THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back will enable the Company to utilise its surplus financial resources which is not immediately required for other uses to purchase AIM Shares from the market. It may stabilise the supply and demand as well as the market price of its Shares traded on Bursa Securities, thereby supporting its fundamental value.

The Purchased Shares, whether to be held as treasury shares or subsequently cancelled, will effectively reduce the number of Shares carrying voting and participation rights. Depending on the funding cost for the purchase of the AIM Shares, the Proposed Share Buy-Back may strengthen the consolidated EPS of the Company, as a result of the decreased share capital base used for the computation of the Company's EPS and if so, it is expected to have a positive impact on the market price of the Shares, further benefiting the shareholders of AIM.

Purchased AIM Shares can be held as treasury shares and may be resold on the stock market of Bursa Securities at a higher price and therefore realising a potential capital gain in the reserves without affecting the total number of issued shares of the Company. The treasury shares may also be distributed to the shareholders as share dividends.

7. INTERESTS OF DIRECTORS, MAJOR/SUBSTANTIAL SHAREHOLDERS AND/OR PERSONS CONNECTED TO THEM

Save for the consequential increase in the percentage shareholdings of the Directors and/or Major/Substantial Shareholders as a result of the Proposed Share Buy-Back, none of the Directors and/or Major/Substantial Shareholders of AIM and/or persons connected with them, if any, has any interest, direct or indirect, in the Proposed Renewal of Share Buy-Back Mandate or the subsequent resale of the treasury shares (if any).

8. POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK

8.1 Potential Advantages

The potential advantages of the Proposed Share Buy-Back to the Company and its shareholders, if exercised are as follows:-

- (a) allows the Company to utilise its financial resources where there is no immediate use, to purchase AIM Shares. The Share Buy-Back would effectively reduce the number of shares carrying voting and participation rights (unless the Purchased AIM Shares are re-sold on the stock market of Bursa Securities or distributed to the shareholders as share dividends). Consequently, (whether the Purchased AIM Shares are held as treasury shares or cancelled), all else being equal, the consolidated EPS of the AIM Group could be enhanced, further increasing the value of the shareholders' investment in the Company;

- (b) allows the Company the flexibility in achieving its desired capital structure, in terms of its debt and equity composition, and the size of its equity base;
- (c) allows the Company to take preventive measures against speculation and reduce the volatility of AIM Shares prices. The stability of AIM Shares prices would enhance and maintain investors' confidence in order to facilitate fund raising exercises of the Company via the equity market; and
- (d) Purchased AIM Shares retained as treasury shares will provide the Company with opportunities for potential capital gains if the said Purchased Shares are resold at prices higher than the purchase prices and such proceeds may be subsequently used for investment opportunities arising in the future, working capital and/or distribution as dividends to shareholders. In the event the treasury shares are distributed as share dividends, it shall serve as a reward to the shareholders of the Company.

8.2 Potential Disadvantages

The potential disadvantages of the Proposed Share Buy-Back to the Company and its shareholders are as follows:-

- (a) the Proposed Share Buy-Back would reduce the amount of financial reserves of the AIM Group. This may result in opportunity costs as better investment opportunities that may emerge in the future may be forgone due to the reduction in financial resources. However, the financial resources of the Group may recover or increase if the Purchased AIM Shares retained as treasury shares are resold in the market;
- (b) as the funds to be allocated for the Proposed Share Buy-Back must be made wholly out of the retained profits of the Company, it may result in the reduction of financial resources available for distribution of dividend to the shareholders of the Company in the immediate future;
- (c) the Proposed Share Buy-Back may deprive the Company's interest income that can be derived from the funds to be utilised for the Proposed Share Buy-Back. Further, if the Proposed Share Buy-Back is financed via bank borrowings, the cash flow of the Company may be affected as the Company would have to service interest obligations.

The Proposed Share Buy-Back, however, is not expected to have any potential material disadvantages to the Company and its shareholders, as it will be exercised only after in-depth consideration of the financial resources of AIM, which need to be balanced against investment opportunities and other proposals that can enhance the value to its shareholders. The Board will be mindful of the interests of the Company and its shareholders in exercising any decision on the Proposed Share Buy-Back.

9. FINANCIAL EFFECTS OF THE PROPOSED SHARE BUY-BACK

The financial effects of the Proposed Share Buy-Back on the share capital, NA, earnings, working capital, dividends and shareholdings of Directors and Substantial Shareholders of the Company or the Group are set out below:-

9.1 Share Capital

The effect of the Proposed Share Buy-Back on the issued share capital of the Company will depend on whether the Purchased AIM Shares are cancelled or retained as treasury shares. The Proposed Share Buy-Back will result in a reduction of the issued share capital of the Company if the Purchased AIM Shares are cancelled.

Based on the Company's issued share capital as at LPD, the effect of the Proposed Share Buy-Back Authority, assuming that the Purchased AIM Shares will be cancelled are as follows:-

	<u>No. of Shares</u>
Total number of issued shares of AIM as at LPD	266,058,666
<i>Less:</i>	
Assuming all the Purchased Shares pursuant to the Proposed Share Buy-Back are cancelled	<i>(26,605,866)</i>
Number of issued shares upon completion of the Proposed Share Buy-Back	<u>239,452,800</u>

However, the Proposed Share Buy-Back will have no effect on the issued share capital of the Company, if all the Purchased AIM Shares are to be retained as treasury shares, resold or distributed as dividend to the shareholders. Nevertheless, certain rights attached to the Purchased Shares are suspended while they are held as treasury shares.

9.2 Net Assets

The effect of the Proposed Share Buy-Back on NA of AIM Group is dependent on the number of Purchased Shares, the purchase prices of AIM Shares, the effective cost of funding and the treatment of the shares purchased.

When the Company purchases its own Shares, regardless of whether they are retained as treasury shares or subsequently cancelled, the NA per share will decrease if the cost per share purchased is more than the NA per share at the time of purchase. However, if the cost per share purchased is less than the NA per share at the time of purchase, the NA per share will increase.

In the case where the Purchased AIM Shares treated as treasury shares and subsequently resold on the stock market of Bursa Securities, the NA per share upon resale will increase if the Company realises a capital gain from the resale and vice versa. If the treasury shares are distributed as share dividends, the NA of AIM Group will decrease by the cost of the treasury shares at the time of purchase.

9.3 Earnings

The effects of the Proposed Share Buy-Back on the earnings of AIM Group are dependent on the number and the purchase prices of the AIM Shares purchased, the effective funding cost to finance such purchases and/or loss in interest income if internally generated funds are utilised.

Further, if the Purchased Shares are retained as treasury shares or cancelled subsequently, the number of shares being taken into account for the purpose of EPS computation will be reduced and this may improve the consolidated EPS of the Group.

9.4 Working Capital

The Proposed Share Buy-Back, as and when exercised, will result in an outflow of cash and thereby reduce the working capital and cash flow of the AIM Group to the quantum, which will depend on amongst others, the purchase price(s) of AIM Shares and the number of AIM Shares purchased.

Nevertheless, the Company may restore its financial resources by reselling the Purchased AIM Shares that are held as treasury shares at a higher selling price than the initial purchase price. The quantum of the increase in the working capital and cash flow will depend on the actual selling price(s) of the treasury shares and the number of treasury shares resold.

9.5 Dividends

Barring unforeseen circumstances, the Proposed Share Buy-Back is not expected to have any impact on the policy of the Board in recommending dividends, if any, to shareholders of AIM. However, any future dividend to be declared and paid will depend on, amongst others, the actual results and profit of the AIM Group, its cash reserves, cash flow, capital commitment and future funding requirements.

The Board may have the option to distribute future dividends in the form of treasury shares purchased pursuant to the Proposed Share Buy-Back.

10. PUBLIC SHAREHOLDING SPREAD

As at LPD, the public shareholding spread of the Company was 46.62%. Pursuant to Rule 12.14 of the ACELR, AIM will only undertake the Proposed Share Buy-Back in accordance with the prevailing laws at the time of the purchase to the extent that at least 25% of the total number of issued share of AIM is held in the hands of public shareholders at all times, in compliance with 25% public shareholding spread as required under Rule 8.02(1) of the ACELR.

The Board is mindful of the abovesaid requirement and will ensure that the Company complies with the public shareholding spread requirements by refraining from buying back the Company's own shares if the purchase would result in the public shareholding spread falling below 25% of its total number of issued shares.

11. IMPLICATIONS OF THE CODE

If any one of the Directors, Major/Substantial Shareholders and/or their respective parties acting in concert with them, as a result of the Proposed Share Buy-Back:-

- (a) obtains control in the Company (which is the holding of, or entitlement to exercise or control the exercise of, more than 33% of the voting shares or voting rights of the Company); or
- (b) increases his/their existing shareholdings of the Company (which is more than 33% but not more than 50% of the voting shares or voting rights of the Company) by more than 2% in any six (6) months period,

the affected Director, Major/Substantial Shareholder and/or parties acting in concert with them ("Affected Person(s)") would be obliged to undertake a mandatory offer for the remainder AIM Shares not already owned by them pursuant to the Code. However, a waiver to undertake a mandatory offer may be granted by the SC under Paragraph 24 of Practice Note 9 of the Code upon application by the Affected Person(s) before triggering the mandatory offer and subject to the affected Director, Major/Substantial Shareholder and/or parties acting in concert with them complying with certain conditions.

The Board is aware of the implications of the Code and will be mindful of such implications when making any purchase of AIM Shares pursuant to the Proposed Share Buy-Back.

However, in the event an obligation to undertake a mandatory offer is expected to arise with respect to any party or parties resulting from the Proposed Share Buy-Back, which is an action outside its direct participation, the relevant parties will make necessary application to the SC for an exemption from undertaking a mandatory offer pursuant to the Code prior to any buy-back of the Shares.

12. PURCHASE OF AIM SHARES, RESALE, TRANSFER AND/OR CANCELLATION OF TREASURY SHARES IN THE PRECEDING TWELVE (12) MONTHS
